Churchwardens' Report.

Easter, 1912.

The Churchwardens herewith submit to the congregation their report for the year ending March 15th. 1912. together with the usual statement of receipts and expenditures. a summary of which is as follows:—

RECEIPTS.

Parochial purposes. offertory	$3.069 60	
Holy Trinity Endowment Fund. 10% income for repairs	712 86	
Refund Salaries; refund amount advanced towards Church of England Mission to Jews; taxes on Rectory	1.732 18	
Rent of cottage	84 00	
Scadding House subscription for improvements	10 00	
Non-Parochial Purposes—		
Sundry offertories on account of Missions	968 93	
Total receipts		$6.578 07
Amount overdraft. Dominion Bank. March 15. 1912....		$44 56

If this over-draft represented the difference in the expenditures over the actual receipts. there would perhaps be little cause for

disappointment, but unfortunately in order to arrive at this balance it has been necessary to draw against the amount standing at the credit of the Holy Trinity Endowment "Repair Fund" to the full extent of the account, amounting to the sum of $804.03. It will, therefore, be evident to you that instead of going behind only to the extent of the small overdraft shown in the statement the actual falling off for the last two years amounts to the sum of $848.59, viz., in 1910-1911 to the extent of $419.51, and in 1911-12 to the extent of $429.08.

With regard to this year's deficiency, it is accounted for from the fact that your offerings applicable towards the expenses of the Church fell off as compared with the previous year to the extent of $107.16, and the disbursements for light, fuel, insurance, taxes, water, sundries and Sexton's salary increased to the extent of $330.30, or in all the sum of $437.56.

In order to avoid such overdrafts in the future, the Wardens would urge the members of the Congregation to subscribe to the Envelope System of offertory, as in this manner only can be obtained a regular and reliable income to meet the expenses of the Church.

Notwithstanding the fact that the receipts did not equal the expenditure, we feel that a substantial and steady progress is being made by this Church, and that there is room for great work to be accomplished in the future. From a financial viewpoint the following comparative statement of the offertories covering the last five years will indicate that we are not going behind, namely:—

	1908.	1909.	1910.	1911.	1912.
Open Offertory.	$1,613.52	$1,476.24	$1,386.03	$1,872.80	$1,892.58
Envelope System	1,022.00	1,442.71	899.36	1,302.46	1,175.60
Missions	583.19	999.45	586.94	895.92	968.93
Totals	$3,218.71	$3,918.40	$2,872.33	$4,071.18	$4,037.03

You will observe from a persusal of the accounts submitted to you this evening that for the first time in the history of this Church substantial amounts have been received from what is known as The Church of the Holy Trinity Endowment Fund.

Out of the income from this source, after setting aside 10% thereof to apply towards the upkeep of the fabric of the Church in accordance with the terms of the Trust Agreement, and the payment of the Rector's salary, we have received the sum of $1,732.68, which has been applied towards the following accounts:—

Salaries of the Curates, Assisting Clergy, and Parish Worker	$791 31
Allowance towards the expenses of the Church of England Mission to the Jews in Toronto, including the Missioner's salary	800 00
Taxes on the Rectory, No. 10 Trinity Square	141 37

In order that the members of the Congregation may have a more intelligent idea of the Holy Trinity Endowment Trust connected with this Church, a copy of the orginal memorandum of trust in regard to the Endowment, as well as a copy of the Special Act obtained from the Legislature of Ontario in connection therewith, will be found in this year's Year Book. There is also submitted a statement of the receipts and disbursements of this Trust Account for the current year, together with the balance on hand.

Your Advisory and Financial, and Endowment Committees have given a great deal of time and consideration to the matter of the improvements and repairs to the Scadding House, No. 6 Trinity Square, as well as to certain proposed changes in the Sunday School. Plans were obtained from a firm of architects, Messrs. Darling & Pearson, making provision to change the Scadding premises into a Parish House, which would not only provide a home for the Curates connected with the Church, and the Sexton and his family, but also provide accommodation in the way of reading room, writing rooms, as well as other advantages which would have been helpful to the various committees and organizations connected with the Church. We regret to report, however, that upon receiving tenders for the work, that the expense involved was found to be so great that these

committees did not feel warranted in proceeding with the erection of a Parish House at the present time.

Revised plans were obtained, providing only for such improvements as would be necessary to place the Scadding House in a habitable shape as a clergy house, with accommodation for the Sexton and his family. The tenders for this work have been let, and the necessary improvements are now being made. On account of the changes in our plans to the Scadding House, it was decided, in order to give the necessary accommodations required by the various association and guilds belonging to the Church, to make certain changes in the Sunday School. Plans for these changes have also been prepared, and have been approved by the Committee subject to a reference to the various organizations directly interested. It is expected that the work connected with Sunday School improvements will be proceeded with this coming summer.

We feel satisfied when all these changes have been completed the facilities for carrying on the work of the Church will be much improved, and the surroundings made more attractive in every respect.

Another great improvement, and one we are sure that will be much appreciated by everyone attending Holy Trinity Church, has also been commenced, namely, that of lighting the Church by electricity. The wiring has already been completed at a cost of about $325. Tenders for the electroliers were submitted by several firms. Those prepared by Messrs. McDonald & Wilson have been approved, and instructions given to have them made and installed; it is expected that the work will all be completed by July of this year.

At the same time, while these material improvements to the Church surroundings have been given attention, other matters more closely related to the work of the Church in the Parish have also been looked after. We refer to the establishment of the Church of England Mission to the Jews in the City of Toronto. It has been the privilege of the Church of the Holy Trinity to

take the initiative in this work. During the past year a Mission was opened on Edward Street under the charge of Rev. Mr. Berman, who was brought from Montreal to Toronto for that purpose.

In order to meet the expenses of this Mission, the Rector and your Advisory and Financial and Endowment Committees have approved of an allowance being made out of the moneys received from the Endowment Fund of $2.500 per annum commencing from the 1st of November, 1911. We are sure that all connected with this Church are in hearty sympathy with this work, and that their prayers will be for Mr. Berman in this undertaking.

During the past year we have lost the services of the Rev. Mr. Wiseman, one of our Curates, he having been called to fill a position in the City of Vancouver, B.C. His place was filled by the Rev. John Hodgkinson, who comes to us from Montreal, where he had done excellent and conscientious work for the Church in that city. Mr. Hodgkinson has already endeared himself to the members of the Congregation, and we hope he will be happy and have much encouragement from his labors in this Parish.

We believe that the various organizations and guilds connected with the Church are enthusiastic in their work, and with the improved facilities will be able more efficiently to carry out their objects with even greater success. We are much indebted to the lady members of the various guilds connected with the Church for their invaluable assistance during the past year, and we wish to place on record our appreciation of the efforts of the Choir, for having given so freely and generously of their time, which has added so greatly to our service.

A tablet to the memory of the late Rector, Rev. John Pearson, and his wife, has, with the approval of the Rector and the Churchwardens, been placed in the chancel during the past year by members of his family.

In retiring from office, your Churchwardens wish to express our love and affection for our Rector. His consideration and

Rector's Report

I am glad to report that steady, satisfactory work has been carried on in the parish all through the past year. To those familiar with our conditions the results of another year's labor must be full of encouragement and significance. Holy Trinity Parish in an unostentious way is doing its share in the extension of the Kingdom of God amongst men.

I. **Services.**—The improvement in attendance at our ordinary Sunday Services, especially those in the evening, is most marked; and it is through the instrumentality of our Sunday Evensong that we must expect to reach the floating population of our parish. I think that we should make a special feature of the evening services by endeavoring to make them hearty, congregational, popular in the true sense of the word, and in every way specially helpful and inspiring. It should be our endeavor to make our Sunday Evensong as attractive as possible. I do not mean by this that we should have ornate musical services. I should constantly deprecate anything of the kind. But I feel that we should all—clergy, choir, regular Church members—strive to make our Sunday Evensong as hearty, congregational, devotional, and real as possible. It should be our ideal to make it a service in which the casual church-goer, and the strangers in our midst, will feel drawn to worship Almighty God, receive an inspiration for daily life, and a realization that the church is a home which has a welcome and a place for them. It would be difficult, in view of the kind of people whom we wish to draw to our services, to over-emphasize the importance of these matters.

The clergy intend to make it their business to prepare and preach such sermons as shall best reach the kind of people of which our evening congregation is largely made up. We have been encouraged by the response that our efforts have received during the special courses preached in Advent and Lent. We hope to continue from time to time along the same lines.

But it is in the increase in the number of communicants Sunday by Sunday, and week by week, that the truest indication is given of our spiritual health and growth. The average number of persons communicating per Sunday throughout the year, was 55; the total number of communicants on Easter Sunday being 342. These are the largest numbers recorded for many years.

But it is not only on Sundays that a church situated as ours can minister to its people. We have found that our mid-day services during Lent meet a need. It is a matter of thankfulness to remember that every day throughout Lent, a congregation gathered in Holy Trinity, the average number of which was 150. This means that we are of some use, and exercise an influence in this community during the busy week.

II. **Clerical Work.**—There has been carried on the usual work of the Church during the year:—

Public Celebrations of the Communion, 156.
Baptisms, 111.
Marriages, 128.
Funerals, 39.
Private Communions, 28.

It may be useful to state that the ministry of this parish is peculiarly varied and wide-spread. I know that those who are associated with me will agree that our hands are very full every day of the week. But such is the character of our work, that the results of these busy days—full as they are to overflowing—cannot possibly be seen on Sundays or bear fruit in the increased congregations—that one might naturaly expect under other conditions. Three facts partly account for this:—

(1) We are dealing largely during the week with the transient people of down-town Toronto. Our time is occupied with attending to the numerous details and emergencies which each day brings, e.g., getting newly arrived immigrants lodgings, finding work for them, placing people in hospitals, homes, asylums, etc., etc. A large percentage of this work is done for people, who have never seen the inside of our church; for they are the kind who are here to-day and gone to-morrow. I have

no hesitation in saying that the large proportion of my own week-day work is of the character that cannot possibly have any bearing on the Sunday church attendance; but I believe that it as a work that must be done in all large, growing cities, and which means much to the Church as a whole.

(2) A great deal of the time of the clergy has to be expended upon another large constituency, which I shall term "one time parishioners." These are the people who for years have been more or less connected with the parish, but who now through distance and other causes, cannot attend Holy Trinity, except on special occasions, but who naturally turn to their old church in times of sorrow, emergency and need. I am glad that this is so. It has been a matter of thankfulness to me that in the short time I have been rector, many of those who were most closely asociated with Dr. Pearson in the old days, have given me the privilege of doing what I could to continue his ministry of consolation in their lives and homes, in times of sorrow and trial. But all this means a great deal of time spent in travelling about through this ever-growing city.

(3) Work in Public Institutions:

St. Michael's Hospital.—We have the visitation of the men in St. Michael's Hospital. This work has grown enormously of late. The men are visited at least once a week, and we try to get into touch with them and bring to them the ministrations of their mother church.

We have the visitation of the men in St. Michael's Hospital. This work has grown enormously of late. The men are visited at least once a week, and we try to get into touch with them and bring to them the ministrations of their mother church.

The Infants' Home.—For over thirty years Dr. Pearson visited this institution every month, to administer the Sacrament of Baptism. I have continued this, and at least once a month visit the Home for this purpose, and have baptised during the last year 56 children.

The House of Industry.—Last November the old Grace Church district was added to ours, making our parish boundaries:

North—Hayter, McGill, College streets; West—University Avenue; South—Queen street; East—Jarvis street. One of the legacies of Grace Church was the House of Industry. We hold a service and preach every Friday in this institution, celebrate Holy Communion once a month, visit the sick, and take the burial office when required. I have also been appointed official visitor for the House for this district.

III. **Organizations.**—All the organizations that reported last year are still in existence, and all of them have done useful work in their departments. I am glad to say that they are in excellent condition. Some of them have had this season the banner year of their existence. As each will have a report of its own, I do not wish to say anything more about them, except just to mention three new organizations of this year: The Girls' Auxiliary, The Bishop Strachan School Association Mothers' Meeting, and The Singing School. As rector, I wish to express my appreciation to the officers and members of all our organizations for their uniformly faithful and painstaking work. They have strengthened the hands of the clergy, and have been a blessing to the whole parish.

IV. **The Sunday School.**—It is impossible to over-estimate the importance of the nursery of the Church. I am glad to say that our Sunday School has increased during the last year. This is partly due to the fact that we welcomed amongst us about 35 members of the Grace Church Sunday School. We appreciate the spirit in which they have come to us. The teachers and scholars of Grace Church Sunday School are becoming rapidly identified with us, and are proving a great credit to Holy Trinity Sunday School. I must express my gratitude to the Superintendent of the Main School, and of the Infant Department who, together with their officers and teachers, are carrying on so faithfully their difficult but blessed work.

V. **The Jewish Mission.**—It is a matter for satisfaction that during the last year, we have established a mission to that nation which forms the great bulk of our parish population. We have been fortunate in being able to rent a very suitable

building for a start. It is too early to speak of results, but the work has begun under good auspices, and I hope that this little mission is the beginning of a larger undertaking in the future.

VI. The responsibility of this parish with its large, growing, and wide-spread work is lightened for me by the fact that I have been blessed in my co-workers. In Mr. Wiseman who, greatly to my regret, left this parish last November, I had a personal friend, a loyal colleague, and a devoted minister of God. Since his departure we have acquired the services of Mr. Hodgkinson. I know that the vestry will agree with me when I say that we are specially fortunate in having Mr. Hodgkinson with us. In the short time he has been here, he has shown himself to be what report of him said before—a painstaking, honest, earnest worker for God and His Church. Since May we have had the able help of Mr. Berman in the Parish Church, but now that the Jewish Mission has opened, we cannot have his services as often as before; I am sure that we shall all be glad when he can arrange to be with us.

I must include also the Parish Visitor, Miss Hardinge. To her faithful work, constant visiting, and unfailing devotion is due, to a large extent, the growth in our Sunday School and other organizations. It is a great comfort to me to feel that our parish is being so systematically and conscientiously visited. Miss Hardinge has also undertaken a great deal of work in connection with the official visiting of the House of Industry, which has been of great assistance to me.

In closing, let me say that, I feel that if in any way the Church of the Holy Trinity is a spiritual asset in this community, a stronghold for the Church of England in this city, and an instrument in the extension of the Kingdom of God, it is due largely, under Him, to the faithful men and women workers of this congregation, who so loyally, patiently, and untiringly devote themselves to its cause.

The year just closed has been one filled with results which have been an inspiration to officers and teachers. The Parish Worker, Miss Hardinge, deserves special mention, and the school has reaped splendid returns from her visiting, as she has been the means of bringing a large number of children to the school. True, we have sustained losses, as in other years, but this year, in the face of all this, through removals from the Parish, our membership has increased considerably. Last Advent we had

the pleasure of welcoming from Grace Church Sunday School about 35 scholars and 4 teachers, which made a substantial addition to our school, and I trust that they will feel at home among us.

We were sorry to lose the Rev. Mr. Wiseman, but fortunate in replacing him by the Rev. Mr. Hodgkinson, who has taken a deep interest in the school and its welfare.

I am sorry to report the loss of several teachers—Misses Marnie, Jordan, Riley and Briggs, Mrs. Scott and Mr. Garner.

We have the pleasure of welcoming as new teachers Mrs. Hurst, Misses Borebank, Hardinge, Milne and Moore, Mr. Livingstone, Mr. Milne and Mr. Hulbert.

We regret the death of two scholars during the year.

I am glad to say that through the efforts of our Librarian, Miss Clarke, the Library has been well patronized. We have need of many new books, as the majority of the books are very old and should be replaced.

The Annual Picnic held last June was a happy one for all who were fortunate in going. We invited Grace Church Sunday School to join us, which they did, and all spent a glorious day in the country. This year we hope to go to Eldorado, and hope the Congregation will come along and help us by their presence and support. The annual Christmas treat and prize-giving was, as usual, a pleasant affair. Ample programme and refreshments were in order.

I am sure it is gratifying to see what the school has done for Missions this past year. The Treasurer's report shows $60.00 raised during Lent by the School, which, together with Mission offerings, on the first Sunday of each month, makes a total of $95.00 to Missions.

Twenty-four meetings of the Branch have been held during the past year, with an average attendance of 25. There are now 95 members on the roll, 84 of whom are subscribers to the Leaflet, and there has been a large increase in the number of contributors to the E. C. D. Fund.

A Girls' Branch of the Auxiliary was formed in the Parish last October by the Senior Branch, and the excellent reports of its work and progress during the first season of its existence have been most gratifying to the Senior Auxiliary.

In November a Study Class was formed in charge of Miss Marsh, the readings and papers have been most helpful and interesting, and knowledge of the development of Mission work in Canada has been greatly increased, to the benefit of all members of the Branch.

A special service was held on the eve of St. Andrew's Day, at which an address was given by the Rector on "Self-denial," and an offertory made for the Self-denial Fund.

Sewing was done as usual until Christmas for the Parochial Dorcas Society, and afterwards a fine bale was again prepared for Gordon's School. A letter expressing most hearty thanks for the bale sent there in 1911 was received from the Principal during the year.

At the Business Meetings on the second Tuesday of each month addresses have been given by the Rev. D. T. Owen, Miss Cartwright, Mrs. Webster, Miss Hamilton, of Hay River, and the Rev. P. L. Berman. The members of the Branch are most grateful for all these addresses.

Two faithful members, Mrs. Locke and Mrs. Ling, have been called to rest since the last Annual Report, and this loss to the Branch is recorded with sorrow, but with the remembrance that it is their gain.

The meetings will be resumed on the second Tuesday in October, and are held every Tuesday at 2 p.m. in the schoolhouse. A most cordial invitation is extended to anyone interested in Mission work to come to any of the meetings.

The first year of this new Branch of the Women's Auxiliary, has been a most gratifying one. At a meeting of the Senior Auxiliary in November last, this Branch was formed, with a membership of three, which has now increased to nineteen, with an average attendance of ten.

The meetings are held on Thursday evening from 8 o'clock to 9.30; every second Thursday in the month being devoted to business and addresses on missionary subjects.

Addresses were kindly given by the Rector, Miss Gertrude Thompson, Mrs. Banks, and the Rev. Mr. Berman.

The first work undertaken by the Branch was a box of dolls, toys, mittens, etc., which was sent at Christmas time to the children of Wilberforce. Since then a complete outfit of clothing and bedding has been provided for a boy in the Blackfoot Indian School, with the help of several contributions kindly sent by non-members, among them being a quilt from the Mothers' Meetings.

The increasing membership, the steady attendance which has been kept up in spite of the severe weather, and the trying distance from which most of the members come, the ready and generous response made by all in contributing to the funds, all

give evidence of how very much this opportunity of sharing in the missionary work of the Church has been appreciated.

A most cordial welcome is extended to all young women and girls, who attend this church, or any others who are not connected with any definite missionary work, to come to the meetings at any time.

The programme followed by the Association during the past season, has been much the same as in former years. We have spent several pleasant social evenings together, and have also enjoyed a number of splendid addresses. We were very fortunate in having our old friend, the Rev. Mr. Morgan, speak to us, and a very good attendance was reported on that evening. Although the membership was not as large as the previous years, our average attendance has been splendid. With the help and co-operation of every member, we hope to make next season a banner one in the history of the Association.

The members of the Chancel Guild have reason to be thankful for a year in which much good and happy work had been accomplished. Beginning soon after Easter, 1911, a complete set of antependia with burse and veil was embroidered on green brocade, and finished by the first Sunday after Trinity. By the first Tuesday in advent a purple burse, veil and stole were completed, and on Christmas Day, a white burse and veil were added.

Before Lent, a new case for keeping the church linen and vessels, with the consent of the Rector, was placed in the clergy vestry.

Finding that we had neither sufficient time or funds to start any more embroidery, we only supplied some new linen for the altar, this Easter I would like to ask for more subscribers to our funds, either monthly or yearly, as there is much more work to be done.

Before closing our report, we would like to express the deepest sense of gratitude to those in charge of church work rooms of the Sisterhood of St. John The Divine for their encouragement, and help in our work, and for the gift of a green stole last Trinity.

The discrepancy between the amount promised and the amount received simply means that contributors have let their payments lapse. Two appeals were made during the year, but the number of new subscribers secured was more than offset by those giving up their subscriptions. Your Committee would earnestly ask that all who can, would contribute through the envelope system, as only in this way can an income be assured sufficient to meet financial obligations.

Mothers' Meetings.

The Mothers' Meeting has just closed a most successful season, the attendance being larger than usual and a thorough interest taken in the work.

We finished six quilts, two for the parish, two for Dr. Grenfell's Labrador Mission, one for Thulus Hospital and one for the G. A., which was sent to the Blackfoot home.

In March Miss Greenshield spent an evening with us and gave a most interesting talk on the Labrador Mission. We all enjoyed it very much, as we have for many years taken an interest in this splendid work.

We are sorry to say that we lost by death one of our most regular and valued members, Mrs. Ling. She had been a most regular attendant for almost thirty years, and we shall miss her very much indeed.

Next season we hope more of the mothers of the parish will be able to attend, and we will be pleased to welcome any who can make it convenient to come.

F. M. McAULEY.

The Parish Visitor.

Miss Hardinge has been working in this Parish for the past five months. In that time she has called upon three hundred families, and paid six hundred and seventy-five visits. In this short time, at least twenty-five of these families have moved out of the Parish, owing to the houses being torn down, or because of the high rent in this locality.

The sum of thirty-five dollars was given by the Rector, for relief among the poor, this has chiefly been spent in paying rent, and for groceries for those in great need. The poverty this winter has been largely due to the lack of work among the men, necessitating the women being the bread-winners, but this condition almost disappears with the opening of the spring, work.

A new mothers' meeting has been organized under the auspices of the Bishop Strachan School Association. It is to allow those mothers to attend, who are not able to come in the evening. There is already a membership of twenty-one.

Collected by Miss Leslie	$2 75
Collected by Miss Selby	7 25

This sum has been expended on flannel, and clothing for the poor.

NORA OWEN.

Girls' Friendly Society.

This Society began its yearly work in October, has held twenty-four meetings, with an average attendance of twenty-four. On the first Monday of each month there has been a devotional meeting, with an address by the Rector. A most creditable amount of work has been done this year. Dolls dressed for the Christmas tree, clothing made for a poor family, and sewing done for Holiday House.

Addresses have been given by Mrs. Wood, Mrs. Ashcroft, and Miss Charles, and interesting papers have been read by Mrs. Owen and Mrs. Cameron. A very enjoyable social was given on New Year's evening.

Since the 17th December, the members make their corporate communion on the third Sunday of the month at eight o'clock. There has been an increasingly large attendance.

The season will close early in June with a picnic.

M. A. SMITH.

The Sewing Class.

The Sewing Class for little girls has been held every Monday afternoon from four to six. There has been an average attendance of twelve. The end of the season shows a great improvement in the work done by these little ones, many handkerchiefs, towels and aprons testifying to the neatness of their needlework.

The teachers have been Miss Leslie, Miss Gwatkin, Mrs. Canniff, Miss Locke and Miss Hardinge.

Since Christmas some of these children have met on Saturday afternoons to practice hymns and kindergarten songs, under the direction of Miss Hardinge.

A tea party will close the season for both classes on April 15th.

MARY LESLIE.

The following is a copy of the Statute referred to in the foregoing Report:

AN ACT RESPECTING THE CHURCH OF THE HOLY TRINITY, TORONTO.

WHEREAS on the thirty-first day of March in the year one thousand eight hundred and eighty-one the Bishop of the Diocese of Toronto executed the declaration of trust set out in the Schedule to this Act concerning certain property held by him and his successors in the See for the benefit of the Church of the Holy Trinity in the City of Toronto; and whereas it appears that the said property was purchased out of moneys given for the purpose of building the said Church and that no provision has been made for maintaining the fabric of the said Church in repair; and whereas the said declaration of trust was not made in pursuance of any condition or agreement annexed to the donation of the said moneys; and whereas the Rector and Churchwardens of the said Church have presented a petition praying that the trusts aforesaid may be varied as hereinafter mentioned; and whereas the Bishop of the said Diocese of Toronto and the Synod of the said Diocese of Toronto have concurred in the said petition and it is expedient to grant the prayer of the Petitioners.

Therefore Her Majesty by and with advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:—

1. The said declaration of trust is hereby varied by adding thereto the following clause:

Upon the death of the Rev. John Pearson, D.C.L., the present Rector of the said Church, or upon his resignation of the Rectory of the Church of the Holy Trinity, Toronto, whichever shall first happen, the income of the endowment of the said Church shall thereafter be held by the Bishop of the Diocese of Toronto and his successors upon trust as to nine-tenths of the amount thereof for the benefit of the Rector of the said Church, and as to the

remaining one-tenth thereof to be paid to the Churchwardens for the time being of the said Church of the Holy Trinity, Toronto, as the same shall be received, to be applied by them to the maintenance of the fabric of the said Church of the Holy Trinity, Toronto, and the building used as vestry and chapel anneved thereto; and for or towards the payment of any debt now or hereafter to be incurred for the purpose of effecting any repairs to such buildings. And in the event of such one-tenth of the income of the said endowment or any part thereof not being required to be expended in any year for the purpose aforesaid, the same is to be accumulated by the said Churchwardens until the same shall be so required, and is not to be expended by them for any other purpose whatsoever.

SCHEDULE.

To all to whom these Presents shall come I, Arthur, by Divine Permission, Bishop of Toronto, send Greeting:

Whereas by indentures of lease and release, dated respectively on or about the twenty-first and twenty-second days of April, A.D. one thousand eight hundred and forty-six, and made between John Langstaff the Younger, of the Township of Markham, in the County of York, Gentleman, of the one part, and the Honourable and Right Reverend John Lord Bishop of Toronto (since deceased) of the other part, in consideration of twelve hundred pounds therein expressed, to be paid to the said John Langstaff by the said John Lord Bishop of Toronto, he, the said John Langstaff, did convey to the said John Lord Bishop of Toronto, and his successors, all that certain parcel of land and premises situate, lying and being in the City of Toronto, in the County of York, being composed of part of lot number one on the south side of the street then called Newgate Street, but now known as Adelaide Street, more particularly described as follows: Commencing at the distance of three chains seventeen links from the north-west angle of the said lot on a course south sixteen degrees east at the centre of the block on the east side of Yonge Street,

then north seventy-four degrees east three chains seventeen links. Then north sixteen degrees, west fifty-one fet. Then south seventy-four degrees, west three chains seventeen links to Yonge Street. Then south sixteen degrees, east fifty-one feet to the place of beginning:

And whereas by a certain memorandum bearing date the thirty-first day of December, A.D. one thousand eight hundred and fifty-three, under the hand of the said late John Lord Bishop of Toronto, it appears that the said sum of twelve hundred pounds in the said indenture or release mentioned was part of a sum of five thousand pounds sterling placed in his hands for the building and endowment of a church in his diocese, and that the above mentionel lands had been purchased by him as and for an endowment of the Church of the Holy Trinity, situate in Trinity Square, near Yonge Street, in the said City of Toronto, being the Church erected by the said bishop in pursuance of the trust aforesaid:

And whereas the said above described lands are now vested in me as Bishop of Toronto for that purpose and no other, and it is expedient that the purpose for which the said lands are so held by me should be declared and made manifest;

Now therefore know ye that I, the said Bishop of Toronto, do hereby acknowledge and declare that the said lands and premises hereinbefore described were conveyed to my predecessor, the said John Bishop of Toronto, and his successors, to the intent that the same should be held forever thereafter by him and his successors as Bishops of Toronto upon the trust that the rents, issues and profits thereof, after deducting all such charges and disbursements as may be incurred in the care and management of said property and in the execution of the said trust may be appropriated and applied towards the support of the incumbent of that certain church of the Church of England, otherwise called the United Church of England and Ireland, situated in Trinity Square, near Yonge Street, in the City of Toronto, called the "Church of the Holy Trinity," and I do declare that I and my

successors, Bishops of Toronto, shall and will stand seized of and interested in all the said hereditaments and premises in trust and upon and for the uses, intents and purposes aforesaid and none other whatsoever.

In witness whereof I have hereunto set my hand and seal this thirty-first day of March in the year of Our Lord one thousand eight hundred and eighty-one in duplicate.
